Name: _____

Date: _____

Handout 16C: Prefix fore-

Part 1: Building Meaning

Directions: Build meanings with the prefix *fore-*. First, underline the root of each word (the part that is not the prefix). Then, try to build meaning without using a dictionary. If needed, use a dictionary to find the meaning of the word. See sample below.

Foreshadow: A writing device used to give a little bit of information ahead of time, and to hint at something to come.

. Forearm: The part of your arm that is in the front.

. Foreword: The part of the book that is before the rest of the words.

. Forerunner: The person or thing that is ahead.

. Forethought: something thought of ahead of time and usually something beneficial.

. Foresee: To see something before it happens.
